

IN THE CLAIMS:

Please add the following new claims:

38. An oven comprising  
a cabinet having a plurality of compartments therein,  
a plurality of trays in said compartments, one tray per  
compartment,

said compartments being isolated from one another in said  
cabinet whereby flavor from food in one tray in one compartment is  
prevented from transferring to food in trays in adjacent  
compartments,

each compartment having open ends for placement of said tray  
in the compartment and removal of said tray from the compartment,

a plurality of heaters for heating said plurality of  
compartments, the operation of each of said plurality of heaters  
being controlled independently of the other heaters.

39. An oven as set forth in claim 38 wherein each of said  
plurality of compartments has one of said plurality of heaters  
adjacent thereto for heating the compartment.

40. An oven as set forth in claim 39 further comprising a  
cover in at least one of said plurality of compartments for  
covering a tray in the compartment.

41. An oven as set forth in claim 40 wherein said at least  
one of said plurality of compartments has side walls with shoulders  
for supporting said cover over a tray in the compartment.

42. An oven comprising  
a cabinet having a plurality of compartments therein,  
a plurality of trays in said compartments, one tray per  
compartment,

said compartments being isolated from one another in said  
cabinet whereby flavor from food in one tray in one compartment is  
prevented from transferring to food in trays in adjacent  
compartments,

each compartment having open ends for placement of said tray  
in the compartment and removal of said tray from the compartment,

a plurality of heaters for heating said plurality of  
compartments, each compartment being heated by one of said  
plurality of heaters located adjacent the compartment,

the operation of at least one group of said plurality of  
heaters being controlled independently of another group of said  
plurality of heaters, and

a cover in at least one of said plurality of compartments for  
covering a tray in the compartment.

43. An oven as set forth in claim 42 wherein said at least  
one of said plurality of compartments has side walls with shoulders  
for supporting said cover over a tray in the compartment.
